

Iora's Care Partnership Program and You

Iora considers medicare agents crucial to our vision of restoring humanity to healthcare. We invite you to help us make healthcare easier, more accessible, and more personal for our members through our Care Partnership Program (CPP).

What is the Care Partnership Program? (CPP)

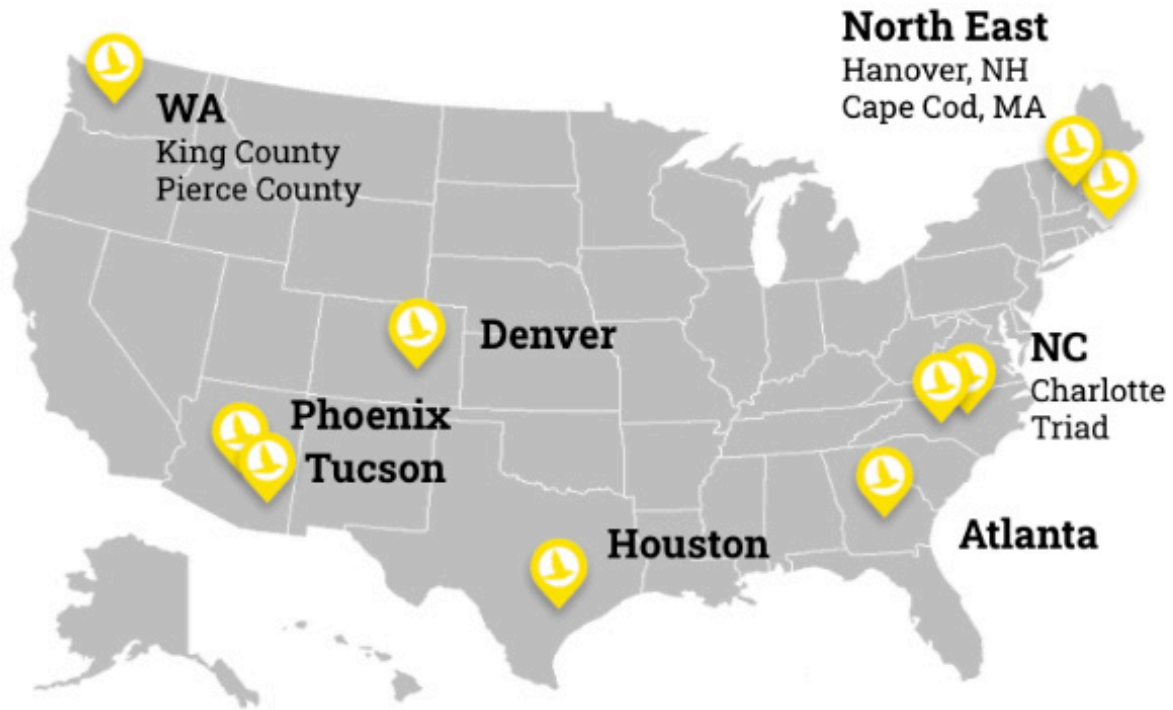

- CPP invites agents to play a more active role in our mission to restore humanity to healthcare
- CPP utilizes agent-administered surveys to help us improve our patient onboarding, engagement, and care delivery
- For your time, we will compensate you for each survey submitted
 - Training and contracting is required for participation
 - CPP will change over time, including new surveys or modifications to existing surveys
- Participating agents have access to the Iora Agent Portal (IoraAgentPortal.com), for educational content, training registration, marketing materials and videos, and more

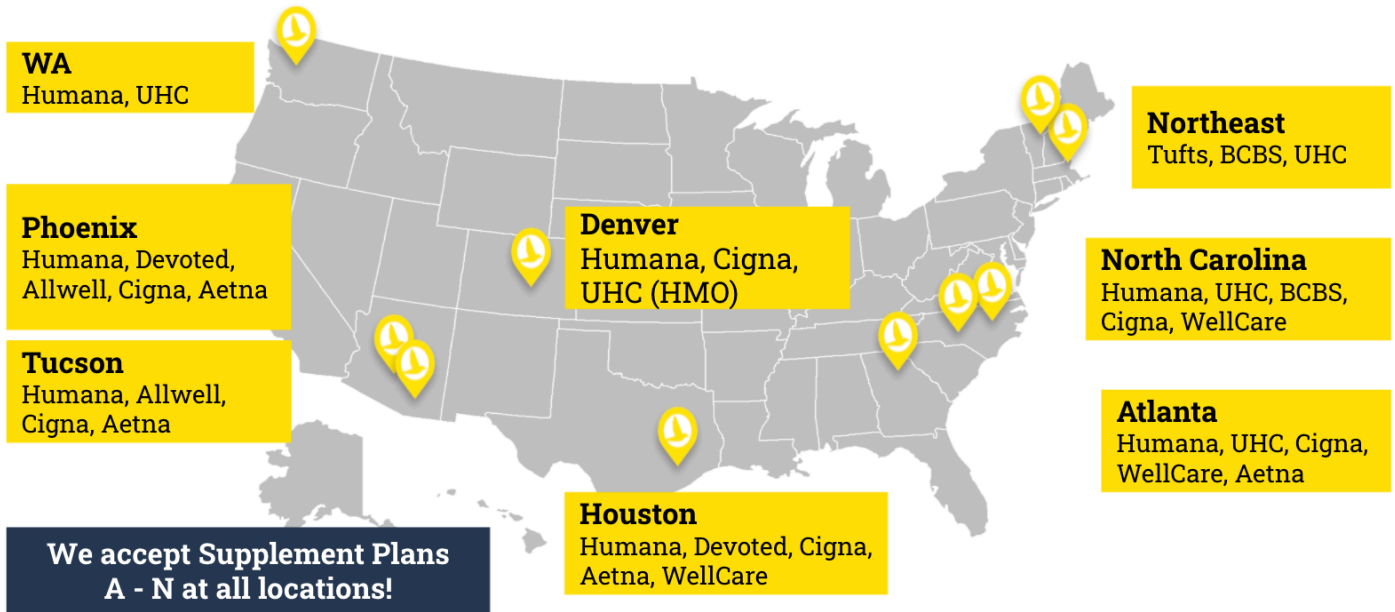

How do I learn more, or join the Care Partnership Program?

- Visit our Iora Agent Portal (IoraAgentPortal.com) for information on the program and the registration link for training webinars.
- Call our Broker Support Team at 800-482-4672. They can help you register for an upcoming webinar.

We are growing! Iora has 47 practices in 8 markets.
